TLISS00078 Rail Signal Panel Operation Skill Set

Release 1

TLISS00078 Rail Signal Panel Operation Skill Set

Modification History

Release 1. This is the first release of this skill set in TLI10 Transport and Logistics Training Package Version 4.0.

Description

This Skill Set targets workers required to operate a rail signal panel as part of their duties within a rail operations environment.

Pathways Information

These units may provide credit towards a number of TLI10 Transport and Logistics Training Package qualifications at Certificate II level or above.

Licensing/Regulatory Information

Readers should ensure they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of 5 units of competency must be attained.	
Units	
TLIC2078A	Identify and respond to signals and trackside signs
TLIF2080C	Safely access the rail corridor
TLIF3058A	Apply safeworking rules and regulations to rail functions
TLIL3072A	Operate signal panel or equipment
TLIW2037B	Clip and secure points

Target Group

This is a Skill Set covers the requirements for people who have a TLI22313 Certificate II in Rail Customer Service or higher qualification, work in a rail operations environment and are required to operate a signal panel or signalling equipment as part of their duties.

Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package Version 4.0 meet the needs of the rail industry. The competencies are drawn from a nationally endorsed Training Package and provide the skills and knowledge for a person working within the rail environment who is required to carry out these activities.
