UEECO0022 Participate in electrical machine repair work and competency development activities

Release: 1

UEECO0022 Participate in electrical machine repair work and competency development activities

Modification History

Release 1. This is the first release of this unit of competency in the UEE Electrotechnology Training Package.

Application

This unit involves the skills and knowledge required to participate in electrical machine repair work and competency development activities.

It includes participating in and complying with electrical machine repair workplace policies and procedures.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable

Competency Field

Commercial

Unit Sector

Electrotechnology

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1 Comply with electrical machine repair workplace policies and procedures	1.1 Workplace policies and procedures for work activities are identified and applied
	1.2 Work activities and relevant workplace procedures are

		sought and clarified with supervisor/relevant person/s
	1.3	Unplanned situations are dealt with safely and in accordance with workplace policies and procedures and with approval of relevant person/s
2	Participate in electrical machine repair work	
	2.1	Skills and knowledge required for work activities are confirmed in consultation with relevant person/s
	2.2	Opportunities to practise skills and apply relevant knowledge to work activities are pursued
	2.3	Assistance is sought from appropriate person/s to overcome difficulties in developing skills and applying knowledge to relevant to work activities
	2.4	Feedback on progress in electrical machine repair competency development is self-monitored against required skills, knowledge and workplace procedures
	2.5	Additional skill development is sought in consultation with relevant person/s
	2.6	Electrical machine repair work activities are completed and validated by relevant person/s in accordance with workplace procedures

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions may be found in the UEE Electrotechnology Training Package Companion Volume Implementation Guide.

Unit Mapping Information

This unit replaces and is equivalent to UEENEEC018B Participate in electrical machine repair work and competency development activities.
