UEESS00133 Restricted - Disconnection/Reconnection of Fixed Wired Low Voltage Electrical Equipment

Release 1

UEESS00133 Restricted - Disconnection/Reconnection of Fixed Wired Low Voltage Electrical Equipment

Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

Description

This Skill Set is for persons wishing to disconnect and reconnect low voltage (LV) fixed wired electrical equipment which is incidental or a primary and regular function of work related to a principle work function.

It includes working safely on electrical equipment, isolating LV electrical supplies, selecting and using testing and measuring devices, disconnecting and reconnecting electrical equipment, terminating and connecting cables and conductors in accordance with Australian Standards, and completing required reporting.

This excludes disconnecting or reconnecting circuits at a switchboard or to general electrical accessories (including switches, socket outlets, light etc); or installation of or alteration to any part of the fixed electrical wiring system (defined as electrical installing work).

Pathways Information

The units of competency in this Skill Set will contribute to the completion of relevant Certificate III and Certificate IV qualifications from the UEE Electrotechnology Training Package.

Licensing/Regulatory Information

Not applicable.

Skill Set Requirements

A total of **2 units** of competency must be attained.

UEECD0007	Apply work health and safety regulations, codes and practices in the workplace
UEERL0004	Disconnect - reconnect electrical equipment connected to low voltage (LV) installation wiring

Target Group

The units of competency in this Skill Set are for persons who already hold a relevant Certificate III or equivalent and the work is incidental or a primary and regular function of work related to a principle work function.

Suggested words for Statement of Attainment

This Skill Set from the UEE Electrotechnology Training Package meets the industry requirements for a Restricted Electrical Licence - disconnection/reconnection of fixed wired low voltage electrical equipment.
