UEESS00176 Apply Currency of Safe Working Practices and Compliance Verification of Electrical Installations

Release 1

UEESS00176 Apply Currency of Safe Working Practices and Compliance Verification of Electrical Installations

Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

New Skill Set.

Description

This Skill Set covers current practices in working safely and verifying compliance of electrical installations that affect the currency of competencies held. It encompasses working safely, procedures for rescue from contact with live parts and for applying emergency first aid.

It also encompasses current practices in visual inspections and mandatory compliance testing, identifying non-compliance defects and mandatory reporting requirements.

Pathways Information

This Skill Set does not provide any articulation to any qualification or other unit of competency.

Holders of an 'Unrestricted Electrical Licence' or a 'Qualified Electrical Contracting Licence' are required by regulation to periodically undertake the unit UEEEL0002 Apply currency of safe working practices and compliance verification of electrical installations, to demonstrate currency in safe working, electrical rescue practices and compliance verification of electrical installations.

A 'licensed electrician' applying for an 'electrical contractor's licence' may be required by regulation to undertake this unit to demonstrate their currency with verification of compliance requirements. In this case the candidate shall:

- hold a current 'Unrestricted Electrical Licence' issued in an Australian state or territory
- have recently been in permanent employment as a licensed electrician.

Licensing/Regulatory Information

This Skill Set has been designed to meet jurisdictional regulatory/licensing currency requirements for holders of an 'Unrestricted Electrical Licence'.

Skill Set Requirements

A total of **1 unit** of competency must be attained.

UEEEL0002 Apply currency of safe working practices and compliance verification of
