# **UEESS00200 Micro-hydro Systems Designer Skill Set**

**Release 1**

# UEESS00200 Micro-hydro Systems Designer Skill Set

## Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

## Description

This Skill Set is for persons who are required to design micro-hydro renewable energy systems.

## Pathways Information

The units of competency in this Skill Set can contribute to the completion of relevant and Advanced Diploma qualifications from the UEE Electrotechnology Training Package.

## Licensing/Regulatory Information

Not applicable.

## Skill Set Requirements

The following **2 units of competency** must be attained.

There are units of competency within this Skill Set that contain pre-requisites. Units of competency that have a pre-requisite requirement are identified by this symbol \*. Refer directly to the units of competency to identify pre-requisite requirements to ensure all are complied with. A list of all pre-requisites is also provided in the UEE Pre-requisite Companion Volume.

UEERE0055            Conduct site survey for off-grid photovoltaic/generating set systems

UEERE0062            Design micro-hydro systems \*

## Target Group

This Skill Set is intended for persons who are required to design micro-hydro renewable energy systems.

## Suggested words for Statement of Attainment

This Skill Set from the UEE Electrotechnology Training Package meets the industry requirements for designers of micro-hydro renewable energy systems.

## **Custom Content Section**

Not applicable.
