UEESS00218 Wind Energy Systems Designer Skill Set

Release 1

UEESS00218 Wind Energy Systems Designer Skill Set

Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

Description

This Skill Set is for persons who are required to design wind energy renewable energy systems.

Pathways Information

The units of competency in this Skill Set can contribute to the completion of relevant Diploma and Advanced Diploma qualifications from the UEE Electrotechnology Training Package.

Licensing/Regulatory Information

Not applicable

Skill Set Requirements

The following **2 units of competency** must be attained.

There are units of competency within this Skill Set that contain pre-requisites. Units of competency that have a pre-requisite requirement are identified by this symbol *. Refer directly to the units of competency to identify pre-requisite requirements to ensure all are complied with. A list of all pre-requisites is also provided in the UEE Pre-requisite Companion Volume.

UEERE0055 Conduct site survey for off-grid photovoltaic/generating set systems

UEERE0065 Design wind energy systems *

Target Group

This Skill Set is intended for persons who are required to design wind energy renewable energy systems.

Suggested words for Statement of Attainment

This Skill Set from the UEE Electrotechnology Training Package meets the industry requirements for designers of wind energy renewable energy systems.
