Release: 2

UEESS00073 Instrumentation - Develop a integrated system interface for access through a touch screen

Modification History

Release	Action	Core/Elective	Details	Points
2	Update	N/A	Mapped skill set requirements	

Description

Not applicable.

Pathways Information

The unit of competency in this skill set will contribute to the completion of relevant Certificate III, Certificate IV, Diploma and Advanced Diploma qualifications from the UEE11 Electrotechnology Training Package. Please consult the packaging rules of the relevant qualification for further advice.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

UEENEEI142A Develop an electrical integrated system interface for access through a touch screen

Target Group

It is essential that anyone undertaking this skill set already holds Competency Standard Unit: UEENEEI141A Develop electrical integrated systems

Also, it may be aligned with a vendor training program that is shown to have the same competency outcomes as this unit

Suggested words for Statement of Attainment

This Skill Set from the UEE11 Electrotechnology Training Package meets the industry requirements for developing basic touch screen access in an integrated system
