

**Australian Government**

# **Assessment Requirements for UEPOPS037**

## **Ensure compliance with work health and safety policy and procedures**

**Release: 1**

# **Assessment Requirements for UEPOPS037 Ensure compliance with work health and safety policy and procedures**

## **Modification History**

Release 1. This is the first release of this unit of competency in the UEP Electricity Supply Industry - Generation Sector Training Package Release 2.0.

## **Performance Evidence**

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least two separate occasions and include:

- applying work health and safety (WHS)/occupational health and safety (OHS) requirements, including:
  - controlling risks
  - emergency procedures and techniques
  - recognising potential hazards
  - safe working practices
- communicating effectively with personnel and stakeholders
- confirming WHS/OHS compliance
- contributing to WHS/OHS in the workplace
- identifying WHS/OHS policies and procedures
- implementing regulations, legislative requirements, codes of practice, manufacturers' recommendations and specifications, and environmental requirements
- maintaining WHS/OHS records
- reporting of WHS/OHS issues.

## **Knowledge Evidence**

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria and include knowledge of:

- communication of WHS/OHS requirements
- regulations, legislative requirements, codes of practice, manufacturers' recommendations and specifications, and environmental requirements
- reporting obligations for WHS/OHS issues
- WHS/OHS requirements, including:
  - recognising potential hazards
  - controlling of risks
  - emergency procedures and techniques

- safe working practices
- workplace documentation
- workplace policies and procedures.

## Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including workplace procedures, equipment specifications, regulations, codes of practice and operation manuals.
