UEPSS00012 High Voltage Operation - H.V. switching programs

Release 1

UEPSS00012 High Voltage Operation - H.V. switching programs

Modification History

Release 1. This Skill Set replaces and is equivalent to UEPSS00007 High Voltage Operation - H.V. switching programs.

Description

This Skill Set UEPSS00012 High Voltage Operation – H.V. switching programs provides the skills and knowledge required to operate H.V. switching programs within the Australian UEP Electricity Supply Industry - Generation Sector Training Package environment.

It includes undertaking the operation of high voltage (H.V.) circuit breaking devices, and the performance of H.V. switching for a given switching program.

Pathways Information

This Skill Set UEPSS00012 High Voltage Operation – H.V. switching programs is part of the UEP Electricity Supply Industry - Generation Sector Training Package.

The units of competency in this Skill Set can contribute to the completion of relevant Certificate III, Certificate IV and Diploma qualifications from the UEP Electricity Supply Industry - Generation Sector Training Package.

Licensing/Regulatory Information

The skills and knowledge described in this Skill Set do not require a licence to practice in the workplace.

Skill Set Requirements

A total of two units of competency must be attained.

UEPOPS116	Operate local H.V. switchgear
UEPOPS124	Perform switching to a switching program

Target Group

This Skill Set UEPSS00012 High Voltage Operation – H.V. switching programs is suitable for operators working in the UEP Electricity Supply Industry - Generation Sector Training Package environment

Suggested words for Statement of Attainment

This Skill Set UEPSS00012 High Voltage Operation – H.V. switching programs from the UEP Electricity Supply Industry - Generation Sector Training Package meets the minimum requirements for the development and coordination of H.V. switching programs.
